

CARDIOVASCULAR DISEASE SCREENING

Hello,

My name is Al Castellanos and I am a licensed insurance agent. Do you know what disease prevention is and why it's important? Well I am here to give you that information. Medicare pays for many preventive services to keep you healthy. These preventive services can find health problems early, when treatment works best, and can keep you from getting certain diseases.

Cardiovascular Disease Screening is one of the preventive services that is covered by Medicare.

What it is?

Blood test for cholesterol, lipid, and triglyceride levels. These screenings include blood tests that help detect conditions that may lead to a heart attack or stroke.

Who's covered?

All people with Medicare when a doctor orders the screening. (Men and Women)

How often is it covered?

Once every 5 years.

Your cost if you have Original Medicare

You pay nothing for this screening.

If you have any questions regarding this exam or any of the other Preventive Service exams covered by Medicare, please contact me at (281) 642-4082 or at alcastellanos@prinsuco.com.
