

OBESITY SCREENING AND COUNSELING

Do you know what disease prevention is and why it's important? Well, we are here to give you that information. Medicare pays for many preventive services to keep you healthy. These preventive services can find health problems early, when treatment works best, and can keep you from getting certain diseases.

Obesity Screening and Counseling is one of the preventive services that is covered by Medicare.

Who's covered?

All people with Medicare may be screened for obesity. Counseling is covered for anyone found to have a BMI of 30 or more.

How often is it covered?

Medicare covers behavioral therapy session to help you lose weight. This counseling may be covered if you get it in a primary care setting (like a doctor's office), where it can be coordinated with your other care and a personalized prevention plan.

Your cost if you have Original Medicare

You pay nothing for this service if your primary care doctor or other qualified primary care practitioner accepts assignment.

If you have any questions regarding this exam or any of the other Preventive Service exams covered by Medicare, please contact us at 1 (888) 601-6334 or at contact@medrecen.com.
