

SHOTS (PNEUMOCOCCAL)

Do you know what disease prevention is and why it's important? Well, we are here to give you that information. Medicare pays for many preventive services to keep you healthy. These preventive services can find health problems early, when treatment works best, and can keep you from getting certain diseases.

Shots (flu) is one of the preventive services that is covered by Medicare.

Who's covered?

All people with Medicare.

How often is it covered?

Most people only need one shot once in their lifetime. A different, second shot, is covered 11 months after you get the first shot. Talk with your doctor or other qualified health care provider to see if you need these shots.

Your cost if you have Original Medicare

You pay nothing if your doctor or other qualified health care provider accepts assignment for giving the shot.

If you have any questions regarding this exam or any of the other Preventive Service exams covered by Medicare, please contact us at 1 (888) 601-6334 or at contact@medrecen.com.
